ABOUT US

PT. Samudera Indo Perkasa (PT. SIP) is a forwarding company which established in Medan and now has branches in many major cities in Indonesia.

At some point running business in transportation of goods, we came to believe that relocation services should be handled separately and more focused. Hence, a formation of a division called SIP Movers, which only focused on house and office relocations and car deliveries.

As a company, we have had great experiences in relocation services. Our strengths come from our experienced packers, deep knowledge of custom regulations and we are also well connected. During the process, we have 'moved' many customers both domestically and internationally.

We highly value our customers and always maintain a high standard for our services, thus helping us to achieve the company's vision and mission.

SERVICES

Moving can be a quite complicated process for you, by pointing us as your moving partner, you can simplify the process.
